Warning: This system may only be accessed by authorized persons. Access to and use of this Honeywell computer system without the permissions of or other than as permitted by Honeywell is strictly prohibited by Honeywell rules and by applicable local and national laws. Honeywell data is subject to export restrictions. If there are questions, please contact a Honeywell export compliance officer. The use of this system is routinely monitored and recorded. If, as a result of this monitoring, possible evidence of criminal activity or other improper conduct is discovered (including without limitation, downloading, copying or sending classified information to competitors or other unauthorized recipients), system personnel may provide evidence of such monitoring to law enforcement officials or take other appropriate actions. This may lead to company initiated disciplinary proceeding, up to and including termination of employment.

For ID and Password Help

Sign In

This will only be required once per browser session. If you log out or time out the password will not be required on the next log in. If you close your browser you will need to re-enter the information.

A diagram of the ECATS login form. The form is titled "Please Sign In" and contains two input fields: "Employee ID/User Name" and "Password". A grey box on the left contains the text "Enter your Honeywell ID" with an arrow pointing to the first input field. Another grey box below it contains "Enter your Honeywell Password" with an arrow pointing to the second input field. Below the password field are a checked checkbox for "Remember me" and a blue link "Manage my password or account". A grey box at the bottom center contains "For ID and Password Help" with an arrow pointing to the link. To the right of the form is a blue "Sign In" button. A grey box at the top right contains a note: "This will only be required once per browser session. If you log out or time out the password will not be required on the next log in. If you close your browser you will need to re-enter the information."
